- (d) consult on issues, positions, and agendas for meetings of the WTO Committee on Sanitary and Phytosanitary Measures established under the SPS Agreement, the Codex Alimentarius Commission, the World Organization for Animal Health (OIE), the relevant international and regional organizations operating within the framework of the *International Plant Protection Convention*, and other international and regional fora on food safety and on human, animal, or plant life or health;
  - (e) promote coordination of technical cooperation activities in relation to development, implementation, and application of sanitary and phytosanitary measures;
  - (f) improve bilateral understanding related to specific implementation issues concerning the SPS Agreement, including clarification of each Party's regulatory frameworks and rulemaking procedures; and
  - (g) review progress on addressing sanitary and phytosanitary matters that may arise between the Parties' agencies with responsibility for such matters, including progress on annual animal health, plant health, and meat, poultry, and processed egg products technical meetings.
4. The Parties shall establish the Committee not later than 45 days after the date of entry into force of this Agreement through an exchange of letters identifying the primary representative of each Party to the Committee and establishing the Committee's terms of reference.
5. The Committee shall meet at least once a year unless the Parties otherwise agree.
6. Each Party shall ensure that appropriate representatives with responsibility for the development, implementation, and enforcement of sanitary and phytosanitary measures from its relevant trade and regulatory agencies or ministries participate in the Committee meetings. The agencies and ministries of each Party responsible for such measures shall be set out in the Committee's terms of reference.
